### Kairakuen

Along with Kanazawa's Kenrokuen and Okayama's Korakuen, this park is one of the "Three Great Gardens of Japan." Known nationwide as a popular attraction for its plum blossoms, the park is often crowded in early spring with visitors enjoying the sights. In addition to plum blossoms, cherry blossoms also bloom in spring, and with azaleas in summer and Japanese clover blossoms in autumn, visitors can enjoy astounding views year-round.

### Art Tower Mito

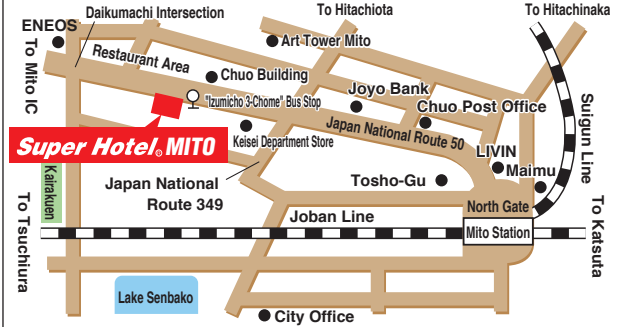

This comprehensive art museum offers a glimpse of artistic culture to all visitors, regardless of age or gender. From the Contemporary Art Gallery, seemingly a work of art unto itself, to the concert hall with an attention to acoustics and the 12-sided theater, these facilities offer great individuality to stimulate your senses.

### Art Tower

The symbol of Art Tower Mito, this tower was constructed to be 100 meters tall to commemorate the 100th anniversary of Mito's becoming an official city. The unique spiral-shaped building offers an observation area on the top floor with round windows reminiscent of the inside of a submarine. From here, one can look out over the whole of Mito City.
